Art Unit: 1755

1. This Office action is in response to the RCE filed 10/31/06 and refers to the final rejection in the immediate ancestor mailed 7/19/06.

2. Claims 1, 3, 5-10, 14-22 and 24-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 15, end of first line insert --subsequently-- to make clear when this step occurs.

In the independent claims, the latest amendments still do not clearly recite that the support/carrier and the combined metallocene/cocatalyst are at the temperatures to which they have been heated when they are combined. Language to the effect --wherein the carrier is at X-Y degrees C and the combined metallocene/activator are at A-B degrees C when they are combined-- may be necessary to clarify this issue.

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1, 3, 5-10, 14-22 and 24-35 are rejected under 35 U.S.C. 103(a) as being unpatentable over either of Razavi I or II as cited in and for the reasons of record given in paragraph 4 of the previous Office action.

5. Claims 1, 3, 5-10, 14-22 and 24-35 are rejected under 35 U.S.C. 103(a) as being unpatentable over Uwai as cited in and for the reasons of record given in paragraph 5 of the previous Office action.

6. Applicant's arguments filed 10/31/06 have been fully considered but they are not persuasive.

Art Unit: 1755

Applicants assert that the prior art lacks the element of the support and mixture of the metallocene with the cocatalyst both being at some temperature greater than room temperature when they are combined. However, Razavi I discloses this at p. 3, l. 3-6, Razavi II at col. 4, l. 13-14, and Uwai at col. 3, l. 35-39.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Pasterczyk whose telephone number is 571-272-1375. The examiner can normally be reached on M-F from 9 to 5:30.
